

THE POWER TO SAVE LIVES WHEN EVERY MINUTE COUNTS

ZOLL ResQSystem Solutions

ZOLL® ResQSystem™ Solutions empower bystanders to act quickly, appropriately, and with confidence in medical emergencies to help save lives. They are designed to ensure that your safety programs and responders are Rescue Ready®.

The ResQSystem is an integrated suite of products and services that includes ZOLL® automated external defibrillators (AEDs), Mobilize™ interactive trauma kits, and program management software, service, and training.

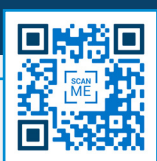

ZOLL AEDs support rescuers in performing high-quality CPR compressions through integrated, real-time feedback technology. They will deliver a defibrillating shock to a sudden cardiac arrest victim if needed.

Mobilize interactive trauma kits provide a comprehensive set of medical supplies paired with an intuitive instructional app to guide users in assessing, monitoring, and managing critical injuries before EMS arrives.

Rescue Ready® Services include software, service, maintenance, and training options to help you manage your safety program and ensure that your equipment and responders are always prepared for an emergency.

A ResQSystem ensures that you are prepared and your equipment is ready to help save lives in the critical minutes before EMS arrives.
